Five (5) pair reusable training electrodes. Adhesive electrode portion only

11101-000003

QUIK-COMBO 3-Lead Patient Simulator

Connects directly to your LIFEPAK defibrillator for safe, interactive training. Select from 17 ECG rhythms including: fibrillation, tachycardias and bradycardias.

11996-000310

COMMUNICATION ACCESSORIES

IrDA Adapter for USB Connection

21300-005026

IrDA Adapter for Serial Connection

21300-005027

LITERATURE AND TRAINING MATERIAL

LIFEPAK 1000 Defibrillator Operating Instructions

Instructions cover the following topics: Safety Information, Unpacking and Setup, Using the LIFEPAK 1000 defibrillator, Data Management and Transfer, Maintenance, and Troubleshooting. Also includes a user's checklist. Also available as free online download at www.physio-control.com

26500-001964 (US English)

LIFEPAK 1000 Defibrillator Operating Instructions

26500-002100 (International English)

AED Challenge, Web-Enabled

An interactive refresher training program that simulates cardiac arrest scenarios using LIFEPAK automated external defibrillators. Web-based training tool provides practice for AED personnel who are just learning to use an AED, and helps experienced AED users keep their skills sharp. Available setup options are consistent with 2005 American Heart Association (AHA) or European Resuscitation Council (ERC) Guidelines.

Not a replacement for initial training. Designed for responders who have completed initial CPR/AED classroom training.

Includes online tracking, reporting, and administration tools. Annual license for individual users is required. List price is per user/per year. Quantity discounts are available.
